

COMMODORE SHERRY LIVELY

What a great couple months we have had! So much has been done in and around our Ferry.

Blue Grass arrived the week-end of June 9th with boats, band, antique cars, and tricked-out motorcycles. (See Page 6 for the members who brought them.) It takes many hands to put on a large scale event like the Blue Grass BBQ and fortunately many Sportsmen sprang into action. *Thank you to one and all on the Blue Grass Committee!*

Alice Gibson and her crew worked hard and to get our burgee flower bed planted; it looks great. **Alice** also took on the dreaded job of organizing and separating all the trash and recycled glass, cardboard, and plastics which saved us a great deal of added expense. *Thank You Alice!* **Dave Beckert, Chuck Carroll, Lonnie Gibson, Don Lucido, and Bill Pato** installed 30 amp service for our guest dock and this will be much appreciated by all. Lonnie and his harbor crew did

a terrific job of getting all the Solano boaters in safely and without incident, *Thank you Lonnie, great job!* New associate **Floyd Simpson** with **Steve Martinez** and **Gary Abeyta** jumped into action and fixed a drainage pipe that came loose from the side of the Ferry and was raining down water on our guest boaters. *Thanks Guys!*

Dave Selvy, Big Steve, Harry Parker, and Al Alcorn painted, trimmed, mowed, cleaned and generally spruced up our grounds; *it looks great, fellows. Thank You. Ann Marie Alcorn* with help from associates **Rodney & Elisa Trees** and **Michael & Paulet Hoskins** made a truly spectacular Friday evening Taco Bar Dinner. Everything was so delicious and I had many members and guests come up to me after dinner and comment on the great dinner, either asking for one of Ann Marie's recipes or wanting to find out who did all the cooking. *Great Job Ann Marie!* **Barbara Wigmore** served over 70 breakfasts on

Saturday morning with help from **Winky Scannell** and Associate **Paulet Hoskins**. Everyone was well fed.

Dan Lively and **Casey Curry** ran the bar and tickets sales with help from new members **Rod Miller** and **Bob Garrett**. The Tiki Bar Mai Tai's again were a huge hit; *Thank You, guys.* **Jackie Steele** and her best friend **Debbie** ran the raffle. I would say great job but I haven't won one thing this year, what gives???? Just kidding! *Big Hug and Thank You to both of you!* Along with the raffle, **Bob & Cindy Art** had the Ships Store set up downstairs and a little bird told me they did pretty well. The same little bird told me they were going to have a huge hat sale at the July meeting... so come to the meeting and get a great price on a summer hat.

A very big Thank You goes out to our BBQ crew, **Chef Paul Bernhardt** with new associate **Blair Camp** upstairs getting the corn, beans, and chicken prepped, **Charlie Carroll, Michael Carroll, Lou Zobb** and **Joe Stubberfield** manned the

VICE COMMODORE CASEY CURRY

What a fantastic Work Party we had in May. It's hard for me to find a place to start.

Here goes! Thanks to **Larry Palen** and **Joe Fray**, we now have a new sink faucet in the BBQ area. Larry Palen donated the faucet

and it was installed in record time. And, we now have a hot water heater in the BBQ sink area, thanks to Larry Palen. Also thanks to Larry's friend, **Joe**, with **Standard Plumbing** for donating the water heater. *Thanks, Guys*

Another piece of siding was put up on the west side of the Ferry thanks to **Chuck Carroll, Charlie Carroll,**

Mike Carroll, Joe Stubberfield, Steve Martinez, Dan Lively, Ed Collins, Chris Stubberfield, Tim Lamb, Dan Lynch, John Perryman, Lenny Adkerson, Gary Abeyta.

Dave Newton and **Heather** did a fantastic job installing a new countertop, sink, and

REAR COMMODORE PAT SEBERS

I have been ill for the last couple months, so I am way behind on the goings on around here. You know it's bad when you want to come out to the Club, but you just can't quite get the "mojo" going - do I take a nap or get the tar beat out of me in liar's dice?

I really miss you guys when I can't be there. The story is supposed to have a happy ending. I am on the comeback trail and should be 100% soon. Now that I am no longer drinking, I find that my mind works much faster - it now takes no time at all to make a misjudgment and lose even quicker at liar's dice!

As in all well run organizations, one person missing means someone else picks up the slack. I thank all the slack pickers - I will make it up to you, just after I buy the beers for all the hammer swingers of our new patio cover.

I want to thank **Tina and**

Brian Tapp, and my wife, **Mary**, for making the tamales happen for me at the June meeting - I even missed that! I heard dinner was pretty good.

From what I hear, some of our Associates stepped up to the plate to make things happen at Bluegrass. *Thank you, your help is appreciated.*

Lastly, I want to let everyone know that I did some boat business with one of our advertisers and neighbors, **Mike Dolle**, at Bridgehead Dry Dock. Mike and crew, **Manny**, installed a new 'Hi Tech' Electro-Scan head treatment unit with holding tank and pump-out on my boat, *Delta Swan*. They did a great job, installing in a very tight but perfect location, and did not go over the estimate. They even did a little extra job at no charge. Give them a try. I believe you will be pleasantly surprised at their professionalism and expertise. It is different at Bridgehead Dry Dock these days.

I love this place even more now.

Dinner will be served before our July Meeting!

Our Menu

**Tri-Tip Steak
with all
the trimmings!**

**\$10.00 per person
Prepared By
Steve Martinez
& Danny Kipp**

**We are limited to 50 reservations,
so contact Audrey Coach
or make your reservations
on-line as soon as possible**

Come join us!

Thanks to everyone
who worked on the
Caretaker's Trailer!

Bob Arnold, Caretaker

We have some great cooks in this Club!

Contact Doug Horton right away to get your name in for the month you would most like to cook a Meeting Night Dinner!

From now on, the meeting night dinners will be \$10.00 per person unless stated otherwise.

HISTORIAN NOTES

KATHIE HAMMER

With so many new members in our club, I thought I would explain a very historical event that takes place every year in July.

This year the event will be held at San Joaquin YC on the weekend of July 20, 21, and 22. The event I am talking about is the 4S CRUISE.

The 4S started in 1953 when four yacht clubs (Sacramento, San Joaquin, Sportsmen, and Stockton) got together for an over-the-bottom race.

The first club to host this gathering was Sportsmen YC. In 1953, it was a very casual event. The boats raced in the morning and the host club served sandwiches after the race. This event has grown in 54 years into a three, sometimes four-day event.

The weekend starts with an Opening Ceremony, then there are breakfasts, lunches and dinners, entertainment and an Olympic style game competition which lasts all day Saturday. After dinner on Saturday evening, medals are presented to the individual winners for each game. This is usually followed by music and dancing. On Sunday after breakfast, there is a Closing Ceremony,

(Hammer—Continued on page 7)

FLEET CAPTAIN

JACKIE STEELE

The June cruise-out will encompass the 4th of July holiday at Mandeville Tip. Those of us who can take several days off will anchor out and those of you able to join us for

just a day or so can side tie and then leave when you need to. We will try to find safe anchorage towards Medford Island (southwest of the fireworks barge), so look for us or monitor CH 68. The Hilton Fireworks are scheduled for Wed., July 4th and will be visible from that vantage point.

Our July cruise out will be to the 4S games at the San Joaquin YC on Bethel Island on July 20-22. Start practicing your favorite sport so we can bring the trophy back to Sportsmen! Be sure to fill out a reservation form and get it to San Joaquin soon so they will save docking space for you.

Good luck to everyone who participates, and thanks for your cheerleading efforts to those who are spectators.

Have a great summer and I'll see you on the river!

(Curry—Continued from page 1)

faucet in the Caretaker's trailer. During that week, new carpet and vinyl was installed as well. We also had the shower enclosure refinished. **Sherry Lively** worked her rear off cleaning and scrubbing everything in site. **Harry Parker** hung some new blinds as well as building new cabinet doors for one of the cabinets. I should also mention, **Dave** and **Heather** also put in some new lower cabinets in the kitchen sink area. **Bob Arnold** was very happy with the results.

The back "40" got a make-over thanks to **Lonnie Gibson, Al Alcorn, Doug Horton, Bob Williams, Dave**

MacDougall, and Jerry Fitzgerald. Dave Selvy did some spraying for weeds as well and attending to the task of mowing the lawns. Looks a heck of a lot better.

Angie Williams was hard at work upstairs with some cleaning along with some paperwork. **Michael & Paulet Hoskins** were involved in just about everything that day.

I am very aware it takes a lot of work for the Club just to break even. All of you should be proud of the effort put forth in the past many months.

Safe Boating.

PORT CAPTAIN COMMENTS

JIM DAWSON

This is a reminder to one and all. The Club has been found several times with lights on, doors open, & the alarm off.

Please note the following:

If before 9 p.m.:

Clean up after yourselves, glasses cleaned, pool sticks put away, and do not leave open food out.

If after 9 p.m.: (caretaker's last check is at 9 p.m.)

Check to make sure you are last one there, turn off electronics, clean up after yourselves, put away your dishes, make sure all doors are closed upstairs, and turn on the alarm.

Remember, this place is all of ours and we need to take care of her.

grill with help from new associate **Danny Kipp**. Behind the scenes, **Scott Wood** ordered all the meat and new associate **Mike Stroer** loaned us his huge grill to cook the meat on! No Sportsmen BBQ would be complete without **Pat Brown's** potato salad, which is always a hit...

Sunday morning brunch was prepared by **Angie Williams, Freda Lucido** and **Audrey Coach**; it was a fine farewell to our friends from Solano YC. *Thank You, Ladies!*

The clean up seemed never ending. All week-end there was something that needed to be cleaned up so big Thank You's to **Alice Gibson, Freda Lucido, Rodney & Elisa Trees, Blair Camp, Danny Kipp, Bruce & Jane Connelly, Karen Kreiss**, and everyone else who showed Sportsmen spirit...

Now on to the rest of the summer... 4S is coming, so get those reservations in. Lets bring that trophy home!

I want you all to mark your calendars now for September 15th. Stockton YC is cruising in and mark my word someone is going to **DIE** that week-end and someone's going to walk away **\$200 richer**. Make your reservations now for "**A Pirate's Revenge**" **Murder on the Rollin Groan!** Be there or you'll walk the plank, matey! This promises to be a most memorable event. I hope you all come. Dan and I will be at Mandeville for the 4th.

Have a Happy and Safe Independence Day!

(Hammer—Continued from page 5)

where the 4S flag is presented to the club that will host the event next year.

In 1986, Sportsmen YC donated a perpetual trophy which is still used today. It is given to the club with the highest total number of points from the games won in the competitions.

The 4S is a wonderful event where old friendships are renewed and new ones are made. Come join in this wonderful weekend!

THE GHOST OF THE SAUSALITO

Two months worth...Well here goes... As promised Norski (that's what I call him now) cooked Mexican! I guess it was a hit 'cause there wasn't a morsel left. I had ta laugh though... He was being helped by a long missing from your ranks, **Chef Paul** and another reprobate Clamper, **Gary Abeyta** who both looked at Norski, with his hands full of Jalapeno Chili juice, after touching his eyelid, where sweat accumulated. Norski was running to the sink to wash his eyes... Chef Paul ran to find a lady with hand cream to help remove the chill oil... while Norski was yawning... and Gary...well he just kept stirring and chuckling; "Looks like initiation night at an Ol' Clamper rendezvous," he said.

The night went well and you all laughed and had a good time. I should comment that I was really impressed with the group who got up and cleaned up the kitchen so Norski and his guys could sit down. It was sparkling clean and ready for the next event. **THAT** is the way things are supposed to work around here...good on ya!

The work party that day, by the way, (hmmm... poet and don't know it) was an inspiration. There were so many workers you could have had another meeting!! Wow.

I have someone new to harass around here...seems like Dave and Trella have had enough of me and cat setting up their cat to do mischief. It was entertaining but they decided to get back to boating and have moved out to the valley promising to fire up the boat now and then and join you guys for a few trips on the water among other things. Sooo enter **Bob Arnold**. Jimmy's brother... but, better looking. Anyway he jumped into the caretaker's job and the crews jumped in to freshen up the residence at the waters-edge. (Melodious -don't you think?) "Me and Cat" will make him real welcome heh-heh...

So what's with the lawn out by the gate...? Your Harbor Captain fixed the sprinkler line and the lawn (got a haircut btw - looked like a hippie lawn) well...it went gray... sup with that? (I learned this new lingo from our younger new members.) Sumbuddy maybe should look at the clock... and turn-it-on? Duh? - *I'm getting good at this - huh?*

You guys really did a neat thing and I am proud of you all...You voted not to keep any black bass caught in our harbor between March 1st and May 30th (that is their

spawning season) ...THAT is the Sportsmen WAY!!

Norski was talking to a few of you on the "pointy end" the other night, that he got a call from the Shop Coach and his wife visiting his kids in the Carolina's. It seems that Razz-dude was killing every living thing in their garden with weed sprays ...I wonder if a bad case of poison ivy had anything to do with that? - Just musing. He said they told him they were going to come home around the end of June. Boy are they going to have a lot of dusting to do on "Morning Mist." Can't go around looking like that, after all the fan fare on the cover of **Bay & Delta Yachtsman**, now can she? I know one thing for sure...Miss Audrey is sure gonna like having Miss Elaine back home.

BY-THE WAY!! There sure is a nice selection of kiddie's life vests hanging on the new "**Kids Don't Float**" post. All of you with little ones running around, make sure they wear them down on the docks...and out on your boats...you can put them back when you are done with them...no dummies, not the kids...the vests!

June brings us to lots of GOOD music around here and some very good aromas from the BBQ's. Our friends next door, at **Ebony Boat Club**, had their annual **Jazz Fest and BBQ** on the 2nd and you had the **Blue Grass BBQ on the River** the 9th.. It was the *best kind* of family entertainment going!

The Band lost their electricity or sumthin' and the delay made everyone party all the harder! They got it running after parts were brought in by the banjo player who drove all the way to Benicia and back to get them. So, it all turned out grand after all...Well I think so, anyway - The whacky ladies from Solano YC whooped it up...Friday night the other Norski - Anne Marie did a Mexican Taco Bar that was so good everyone had seconds ...Good golly two Norski's cooking Mexican... Now THAT is immigration on a positive note. The BBQ was done by the "Que's Brothers" and assisted by Chef Paul AND Gary ...AGAIN - Boy the Clampers have got to be missing that guy. The day ended with a wonderful sunset that Cat & I enjoyed in the reverie of a great new life as ghost and cat.

Fathers' Day found you all eating again thanks to the Q's Bros. feeding the Dads...great stuff... It seems that Norski missed out - something about leaving the fridge on while doing his boat bottom for two days (dead batteries) he and the Warden hand over hand, "shlepped" "Uf-Dah!" into her schlip.

Well I have tried to jam two months into one article and I think it got done...Now to slip it under the door of the office so the editor can get it printed in time...phew...

NCPCA REPORT

BARBARA CHAPMAN

TONY CHAPMAN

The 2007 NCPCA Season has started off in good form with some dedicated skippers enjoying a beautiful cruise Down Bay the first week in May. The first contest of the season was the San Leandro YC Contest on May 5th. The accommodations for overnight berthing before the contest were at Berkeley YC and Encinal YC. Those going to Berkeley enjoyed a beautiful view of San Francisco and enjoyed their Friday Night BBQ. Those of us who went to Encinal YC enjoyed their beautiful brand new pool and patio setup. They've done a great job remodeling and landscaping. It looks like a 'real' resort. Fuel prices were better in the Delta, so before anyone fuels up, check your prices.

The San Leandro YC Contest starts in the Oakland Estuary and ends up at the finish line, which is the entrance to the San Leandro Marina, some 2-1/2 hours later. No mishaps on the Bay, but a few crazy

course maneuvers were as a result of the wind and current. We didn't see too many boaters out on the Bay, but we certainly saw a lot of fisherman and sail boaters. The winners of the contest were 1st place, 'Dad's Choice,' Don Bishop, Vallejo YC; 2nd place, 'Achilles,' Dave Watt, San Joaquin YC; 3rd Place, 'Big Daddy,' Chuck Dickinson, Bridge Marina YC. We had a great Cinco De Mayo Dinner and some great conversations.

The second contest of the season was the Oakland YC race on May 12th. This contest begins in the Oakland Estuary and ends in the same place. The skippers must maneuver their boats to Hunters' Point, back past Pier 39, the Ferry Building, around Treasure Island, and back down to the Estuary. Besides dodging the ferries and the new Bay Bridge construction, the wind didn't want to cooperate as we had over a 40 knot headwind. It really took some outstanding skill on behalf of our contestants to get their boats and crew back safely. It was Mother's Day weekend and we certainly thanked all of our mothers (& our fathers) for getting us back to port in one piece. The winners of the contest were, 1st place, 'Judie Ann,' Ken Whitham, San Joaquin YC; 2nd place, 'Snowbird,' Dennis Pippin, San Joaquin YC; and, 3rd place, 'Achilles,' Dave Watt, San Joaquin YC.

On the way back to the Delta for our first contest in June, we thought we heard the coast guard alerting us to 'two humpback' whales approaching the Rio Vista Bridge. We really couldn't believe it, since we had just heard a prank call to the Coast Guard the day before that someone had jumped off the Golden Gate Bridge. We just didn't believe the radio. Too bad for us we didn't get to see the 'girls,' Delta and Dawn, but we are really thrilled they made it back to the big wide ocean.

The OxBow YC Contest on June 2nd was a most exciting and beautiful contest on the Delta. The start line was extremely far away and many skippers had a hard time locating the exact line-up of the markers since they were hidden in the shade. Some of us still managed to get a flat start anyway. OxBow provided a great meal, and the awards and raffles were great. The winners were, 1st place, 'Dad's Choice,' Don Bishop, Vallejo YC; 2nd place, 'JudyLynn,' Ricky Stebbins, OxBow YC; and 3rd place, 'Empty Pockets,' Steve Allen, Delta Bayliner YC.

All yacht club members are invited to participate in our contests and/or dinners. Please contact your delegate to NCPCA or the Commodore, Peter Paradis, for more information. His e-mail is pete@iparadis.com.
